

QUESTIONS 8 - 10 are for LARGE SYSTEMS ONLY (Large = 300+ Service Connections) and are specific to the required written backflow prevention program plan outlined in [OAR 333-061-0070\(9\)\(b\)](#)

8. Certified Cross Connection Specialist Information:

Water system Employee Contracted service

Name: Gary Kaping _____ Cert #: 4166 _____

Email Address: GKaping@ci.junction-city.or.us _____

Phone #: 541-998-3125 _____ Alt Phone #: 541-228-0277 _____

9. Does your water system have a current written backflow prevention program plan? Yes No

10. Does the backflow prevention plan include the following:

a. A list of premises where health hazard cross connections exist, including, but not limited to, those listed in Table 42. Yes No

b. Procedure for continually evaluating the degree of hazard posed by a water users premises. Yes No

c. Procedure for notifying the water user if a non-health hazard or health hazard is identified, and for informing the water user of any corrective action required. Yes No

d. The type of protection required to prevent backflow into the public water supply, commensurate with the degree of hazard that exists on the water user's premises. Yes No

e. A description of what corrective actions will be taken if a water user fails to comply with the water suppliers cross connection control requirements. Yes No

f. Current records of approved backflow prevention assemblies installed: Yes No

i. inspections completed, Yes No

ii. backflow prevention assembly test results on backflow prevention assemblies, Yes No

iii. verification of current backflow assembly tester certification Yes No

g. A public education program about cross connection control. Yes No

11. Are there any backflow assemblies or devices installed in your water system? Yes No

12. Do you have any **Reduced Pressure Backflow Prevention Assemblies (RP, RPBA, & RPDA)** installed in your water system? Yes No (if you answered yes, answer the questions below)

a. How many assemblies are installed in your water system? 75 _____

b. How many assemblies were tested? 61 _____

c. How many assemblies passed their annual test? 61 _____

d. How many assemblies failed their annual test? 0 _____

Comments: We do not accept failed tests. All failed tests are followed up with a repair and passed test.

We are also getting away from having tests due during the winter months. This has caused a decrease in _____ passed tests this year. Any test that was due October 2022-March 2023 will be completed April 2023-September 2023.

13. Do you have any **Double Check Backflow Prevention Assemblies** (DC, DCVA, & DCDA) installed in your water system? Yes No (if you answered yes, answer the questions below)

- | | |
|--|--|
| a. How many assemblies are installed in your water system? | 672 |
| b. How many assemblies were tested? | 537 |
| c. How many assemblies passed their annual test? | 537 |
| d. How many assemblies failed their annual test? | 0 |
| e. Comments: | We do not accept failed tests. All failed tests are followed up with a repair and passed test. We are also getting away from having tests due during the winter months. This has caused a decrease in passed tests this year. Any test that was due October 2022-March 2023 will be completed April 2023-September 2023. |

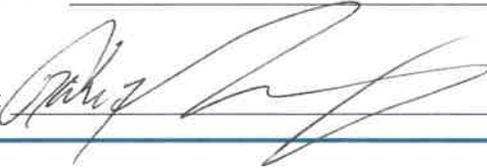

14. Do you have any **Pressure Vacuum Breaker Assemblies** (PVB, PVBA, & SVBA) installed in your water system?

Yes No (if you answered yes, answer the questions below)

- | | |
|--|--|
| a. How many assemblies are installed in your water system? | 30 |
| b. How many assemblies were tested? | 19 |
| c. How many assemblies passed their annual test? | 19 |
| d. How many assemblies failed their annual test? | 0 |
| e. Comments: | We do not accept failed tests. All failed tests are followed up with a repair and passed test. We are also getting away from having tests due during the winter months. This has caused a decrease in passed tests this year. Any test that was due October 2022-March 2023 will be completed April 2023-September 2023. |

I certify the information provided is true to the best of my knowledge. Providing false information may result in penalties to the individual and to the water system.
