

Applegate Mobile Park Water System  
Cross Connection Policy

4100643

Effective July 1, 1995

Applegate Mobile Park's water supply system currently has no actual cross connections that would allow non-potable fluid to enter the potable water system by backflow; however, should any home in future create the potential for non-potable water to enter the water system, a backflow device will be required, the expense of which shall be the responsibility of the homeowner.

Effective on the date shown above, this policy shall be made a part of the "Statement of Policy" of Applegate Mobile Park.

  
Jeannie Cagley, Owner
