

41-00255
Miroco Water District

A RESOLUTION PROVIDING FOR THE CONTROL OF CROSS-CONNECTIONS.

The District is required by the State Department of Health to have a program for the control of cross-connections. The requirements are given in Oregon Administrative Rule, chapter 333-61-070 and 333-61-071. A copy is attached and is made a part of this Resolution.

The state requires that the district discontinue water service for failure to install an approved back flow device or conduct a required annual test on a back flow device, 333-61-070 (1)(a)(A).

The District resolves to comply with the portions of OAR 333 that apply. The District also requires its customers to comply with all portions of OAR 333 that apply to them as customers of the District.

PASSED BY A unanimous vote by all Commissioners present the 9th day of August, 1995.

Robert E. Pailthorp, Chairman
