

# GRAND RONDE COMMUNITY WATER ASS'N.

26690 SALMON RIVER HWY.  
WILLAMINA, OREGON 97396

November 11, 1993

Present:  
Mr. Hollmann  
Mr. Knox  
Mr. Shenk  
Mr. Keyser  
Mr. Larsen  
Mr. Scott  
Mr. Risseeuw

879-5624

41-00338

Absent:  
Mr. Zimbrick  
Mr. Littlejohn

Mr. Hollmann called meeting to order 7:35 p.m.

Mr. Keyser made motion to approve minutes as mailed, of meeting held October 14, 1993, seconded by Mr. Risseeuw, motion carried.

Mr. Keyser made motion to accept Budget Report for October, 1993, seconded by Mr. Shenk, motion carried.

Mr. Scott made motion to approve bills for payment, seconded by Mr. Risseeuw, motion carried.

Mr. Shenk made motion to approve Resolution 1993-6, approve additional funding to be obtained from FmHA in the amount of \$415,000.00 to be used to upgrade present system. Motion seconded by Mr. Scott, motion carried.

Mr. Risseeuw made motion to retain Jerry Brown as legal counsel, seconded by Mr. Keyser, motion carried.

Mr. Ekstrom will be seeking better health and dental insurance coverage, perhaps we can obtain more insurance for cheaper price.

Mr. Risseeuw made motion to update our office telephone system - have two lines coming in - estimated \$74.00 per month and we will purchase our own phones, motion seconded by Mr. Scott, carried.

Mr. Risseeuw made motion to contact Phil Mendenhall to prepare sites for two new reservoirs, according to Boatwright's specifications, seconded by Mr. Shenk, motion carried.

Mr. Ekstrom to check with GECC about possibly refinancing the two Corbett Acres loans - into one - at lower rate of interest.

Mr. Risseeuw made motion to require approved double check devices on all new hookups - checking device each year at owner's expense, and existing services not having devices be required to have installed by end of 1994 in order to protect our system, seconded by Mr. Larsen and motion carried.

Mr. Scott made motion to adjourn, seconded by Mr. Knox, carried.

Meeting adjourned 9:10 p.m., subject to call.

TO THE USERS OF GRAND RONDE COMMUNITY WATER

RE: Back-Flow Prevention

At a recent Board meeting, the Board of Directors of the Grand Ronde Community Water Ass'n. voted to have the entire water system protected with double-check valves on every service. To protect and maintain the high quality of our water, only State approved devices will be allowed. The devices will have to be installed at the point of delivery (directly behind the meter). If you currently have a device or are unsure please contact our office. The device can be purchased through the Water Ass'n. and installed by our personnel or you may purchase a device on your own and have a plumber of your choice install it. If you decide to do this work on your own, please contact our office when completed as all devices need to be registered with the Ass'n. Once installed the devices are to be tested once a year by a certified tester. All costs, including installation, inspection, testing and maintenance are the responsibility of the owner. A list of currently approved back-flow prevention devices and certified testers is available from our office as well as information on back-flow devices. The cost, if you decide to have the Water Ass'n. install a device is \$130.00 for a standard 3/4" service. This work must be completed by December 31, 1994.

Thank you for your cooperation,

Karl Ekstrom  
Manager

June 30, 1994

TO THE USERS OF G.R. COMMUNITY WATER

**RE: BACK-FLOW PREVENTION**

This is a reminder notice to all persons who have not contacted our office about the back-flow prevention device required on all services. A letter was sent from our office on November 24, 1993 with the following requirements: All services are to be protected with a State Approved back-flow prevention device (double-check valve). All costs, including installation, testing & maintenance are the responsibility of the owner. State approved devices and enclosure boxes are available at our office for \$65.00. If you wish the Water Association to install the device, the total cost is \$130.00 for a 3/4" service.

Thank you for your cooperation,

Karl Ekstrom  
Manager

February 13, 1995

TO THE MEMBERS OF GRAND RONDE WATER ASS'N.

**RE; BACK-FLOW PREVENTION**

On November 24th, 1993, you were notified by letter that all services on the Grand Ronde Water System are to be protected with a State approved back-flow prevention device. A subsequent letter was sent to you on June 30, 1994, confirming the requirement, but as of this date you have not responded.

In view of the above, you have 30 days to contact our office or your water will be shut off. Service will be resumed when the above conditions are met. Failure to comply will result in termination of the water service.

State approved devices and enclosure boxes are available at our office for \$65.00. If you wish the Water Ass'n. to install the device, the total cost is \$130.00 for a 3/4" service. For services larger than 3/4", contact our office for prices.

Thank you for your cooperation,

Karl Ekstrom  
Manager
