

Backflow Prevention Program – Locust Mobile Home Park 41-00524

The Locust water system serves the residents of Locus Mobile home Park and one business located in a shop adjacent to the park.

None of the Premises require Isolation as they are not included on Table 32.

There are no installed devices, however our plan does not prohibit installed devices

There are no underground irrigation systems.

No facilities or premises are subject to additional inspection.

In the event a change in hazard level occurs the plan will be revisited.

These additions made 7/15/2010

A handwritten signature in blue ink, appearing to be initials or a stylized name, located to the right of the date.
