ADDENDUM 5-95

AMENDING RULES AND REGULATIONS FOR HARMONY ACRES MOBILEHOME PARK

Rule 2.4 shall be replaced in it's entirety with the following:

As part of hooking up to the community water system, homeowners will comply with the cross connection control program. The program states, if after inspection, an approved backflow prevention device is required under Oregon Administrative Rules, Chapter 333-61-070, installation at the service connection and maintenance of the device will be the responsibility of the homeowner.

Inspections will be done within 30 days of initiating the program and within 60 days of a new mobilehome set up. Inspections will be done by a state certified cross connection inspector.

Failure to comply with this rule, will fall under rule 1.12 which allows HAMP to take the necessary action and charge homeowners all incurred expenses plus an administrative fee.
