<p>Do you have any DCs? Yes</p> <p>How many 8117</p> <p>Tested 8116</p> <p>Passed 8107</p> <p>Failed 9</p> <p>% of DCs tested 100%</p> <p>Comments The one double check not tested was located inside of a residential house where the resident was/is very concerned about letting people into the house with the COVID pandemic going on. She sent pictures of both shut off handles in the off position-I know this is not the same as a test but due to the pandemic I didn't push further for a test to occur. Of the 9 DC that failed in 2020, 6 have been repaired at this point in 2021 and the remaining 3 are scheduled for repair in the near future.</p>
