|                 | Does your WS have a current written backflow prevention program Does the <u>backflow prevention plan</u> include the following:   | plan?  |
| 1.              | . A list of premises where health hazard cross connections exist, including, but not limited to, those listed in Table 42 (High Hazard Table).  |  |
| 2.              | 2. Procedure for continually evaluating the degree of hazard posed by a water users premises.   |  |
| 3.              |   |  |
| _               | for informing the water user of any corrective action required.   |  |
| 4.              | In the type of protection required to prevent backflow into the public water supply, commensurate with the degree of hazard that exists on the water user's premises.   |  |
| 5.              | •   |  |
| 6.              |   |  |
| 7               | test results, and verification of current backflow assembly tester certi  | fication.                                      |
| 7.              | 7. A public education program about cross connection control  |  |

## **Assembly Data**

| $\textbf{Reduced Pressure Backflow Prevention Assemblies} \ (RP,$ | RPBA, & RPDA) |
|---|---------------|
| Are there any RPs installed in your water system?                 | No            |
| How many assemblies are installed in your water system?           |               |
| How many assemblies were tested?                                  |               |
| How many assemblies passed their annual test?                     |               |
| How many assemblies failed their annual test?                     |               |
| Comments:   |               |
| Double Check Backflow Prevention Assemblies (DC, DC               | VA & DCDA)    |
| Are there any DCs installed in your water system?                 | No            |
| How many assemblies are installed in your water system?           |               |
| How many assemblies were tested?                                  |               |
| How many assemblies passed their annual test?                     |               |
| How many assemblies failed their annual test?                     |               |
| Comments:   |               |
| Pressure Vacuum Breaker Assemblies (PVB, PVBA, & S                | VBA)          |
| Are there any PVBs installed in your water system?                | No            |
| How many assemblies are installed in your water system?           |               |
| How many assemblies were tested?                                  |               |
| How many assemblies passed their annual test?                     |               |
|   |               |
| How many assemblies failed their annual test?                     |               |
