

2023 ANNUAL SUMMARY REPORT CROSS CONNECTION & BACKFLOW PREVENTION

WS Name and PWS ID#: CLATSKANIE, CITY OF, 41-00194

System Size: Large System, 300+ connections

Submitted: 01/16/24 10:59 AM

ASR Contact Information: *(if there are questions about the ASR who should we contact?)* Name: Daniel Smith

Email: dsmith@cityofclatskanie.com	Phone #: +1 (503) 741-0799	

Customer Base Who does your water system serve? Count each service connection only once, include connections with and without a backflow assembly.

How many residential connections are in your water system?	801
How many high hazard connections in your water system?	14
How many other types of connections not listed above?	121

Enabling Authority An <u>enabling authority</u> is required for all community water systems. The enabling authority allows for a water system to discontinue service for various reasons. A sample enabling authority is available for small water systems on our website: <u>www.healthoregon.org/crossconnection</u>. If you have not submitted an enabling authority to the State, please complete one and submit it as soon as possible.

Does your water system have an <u>enabling authority</u>? No, please attach a copy below

Was your enabling authority revised within the last year? No

This section is for Large Systems only (300+ connections)

Certified Cross Connection Specialist Information:
