Do	Does your WS have a current written backflow prevention [program plan?	
	Does the backflow prevention plan include the following:	program plan:	
1.	1. A list of premises where health hazard cross connections ex	exist, including, but not limited to,	
2.	those listed in Table 46 (High Hazard Table). 2. Procedure for continually evaluating the degree of hazard p	nosed by a water users premises	
3.			
٥.	for informing the water user of any corrective action require		
4.	,		
	with the degree of hazard that exists on the water user's pre		
5.	•		
	water suppliers cross connection control requirements.		
6.	6. Current records of approved backflow prevention assemblie	ies installed, inspections completed,	
	test results, and verification of current backflow assembly to		
7.	7. A public education program about cross connection control	ol.	

Assembly Data

Reduced Pressure Backflow Prevention Assemblies (RP,	RPBA, & RPDA)	
Are there any RPs installed in your water system?	No	
How many assemblies are installed in your water system?		
How many assemblies were tested?		
How many assemblies passed their annual test?		
How many assemblies failed their annual test?		
Comments:		
Double Check Backflow Prevention Assemblies (DC, DC	VA, & DCDA)	
Are there any DCs installed in your water system?	Yes	
How many assemblies are installed in your water system?	25	
How many assemblies were tested?	25	
How many assemblies passed their annual test?	22	
How many assemblies failed their annual test?	3	
Comments: 3 DCs failed the test and were subsequently repa	ired.	
Pressure Vacuum Breaker Assemblies (PVB, PVBA, & S	VBA)	
Are there any PVBs installed in your water system?	No
