Do	bes your WS have a current written backflow prevention program plan? Yes the backflow prevention plan include the following: A list of premises where health hazard cross connections exist, including, but not limited to,	
	those listed in Table 46 (High Hazard Table).	Yes
2.	Procedure for continually evaluating the degree of hazard posed by a water users premises.	Yes
3.	Procedure for notifying the water user if a non-health hazard or health hazard is identified, and for informing the water user of any corrective action required.	Yes
4.	The type of protection required to prevent backflow into the public water supply, commensurate with the degree of hegard that exists on the water user's promises	Yes
5.	with the degree of hazard that exists on the water user's premises. A description of what corrective actions will be taken if a water user fails to comply with the water suppliers cross connection control requirements.	Yes
6.	Current records of approved backflow prevention assemblies installed, inspections completed,	
	test results, and verification of current backflow assembly tester certification.	Yes
7.	A public education program about cross connection control.	Yes

Assembly Data

Reduced Pressure Backflow Prevention Assemblies (RP,	Yes	
Are there any RPs installed in your water system? How many assemblies are installed in your water system? How many assemblies were tested?	50	
	50 49	
How many assemblies passed their annual test?	8	
How many assemblies failed their annual test?		
Comments:		
Double Check Backflow Prevention Assemblies (DC, DC	VA, & DCDA)	
Are there any DCs installed in your water system?	Yes	
How many assemblies are installed in your water system?	696	•
How many assemblies were tested?	665	
How many assemblies passed their annual test?	665	•
How many assemblies failed their annual test?	12	•
Comments. The city of Phoenix took over a new water district	et (Charlotte Ann) and	we are still getting famili
with locations of devices.		
Pressure Vacuum Breaker Assemblies (PVB, PVBA, & S Are there any PVBs installed in your water system?	VBA) Yes	
Are there any r v bs instance in your water system?	2	-
