Phone #: 503-674-3307 Alt Phone #: 503-674-3300			
Does your water system have a current written backflow prevention program plan?			
. Does the backflow prevention plan include the following:			
a. A list of premises where health hazard cross connections exist, including, but not limited to, those listed in Table 42.	■ Yes ■No		
b. Procedure for continually evaluating the degree of hazard posed by a water users premises.	Yes No		
c. Procedure for notifying the water user if a non-health hazard or health hazard is identified, and for informing the water user of any corrective action required.	Yes No		
d. The type of protection required to prevent backflow into the public water supply, commensurate with the degree of hazard that exists on the water user's premises.	■ Yes ■No		
e. A description of what corrective actions will be taken if a water user fails to comply with the water suppliers cross connection control requirements.	■ Yes ■No		
 f. Current records of approved backflow prevention assemblies installed: i. inspections completed, ii. backflow prevention assembly test results on backflow prevention assemblies, iii. verification of current backflow assembly tester certification 	Yes \(\text{No} \)Yes \(\text{No} \)Yes \(\text{No} \)Yes \(\text{No} \)		
g. A public education program about cross connection control.	Yes No		
. Are there any backflow assemblies or devices installed in your water system? ■Yes □No			
2. Do you have any Reduced Pressure Backflow Prevention Assemblies (RP, RPBA, & RPDA) inswater system? Yes No (if you answered yes, answer the questions below)	•		
a. How many assemblies are installed in your water system?	190		
b. How many assemblies were tested?	183		
c. How many assemblies passed their annual test?	174		
d. How many assemblies failed their annual test?	6		
Comments:			

13. Do you have any Double Check Backflow Prevention Assemblies (DC, DCVA	A, & DCDA) installed in your water
system? Yes No (if you answered yes, answer the questions below)	
a. How many assemblies are installed in your water system?	905
b. How many assemblies were tested?	900
c. How many assemblies passed their annual test?	865
d. How many assemblies failed their annual test?	22
e. Comments:	
14. Do you have any Pressure Vacuum Breaker Assemblies (PVB, PVBA, & SVF Yes \(\subseteq \text{No} \) (if you answered yes, answer the questions below)	BA) installed in your water system?
a. How many assemblies are installed in your water system?	10
b. How many assemblies were tested?	9
c. How many assemblies passed their annual test?	9
d. How many assemblies failed their annual test?	0
e. Comments:	
I certify the information provided is true to the best of my knowledge. Provid penalties to the individual and to the water system.	ling false information may result in
