BFPP - Public Education	Yes
Do you have RP?	Yes
RP - How Many	439
RP - Tested	189
RP - Passed	189
RP - Failed	2
% Tested	
RP - Comments	Due to staffing changes and the fast paced growth of the water system our public outreach efforts were reduced for 2018 as staff had to balance water distribution field work while managing the cross connection program. We have identified the need to improve our program and plan to address this by implementing new software which will allow testers to electronically submit test reports. This technology will free up employee time that was spent on data entry and allow them to focus on public outreach, sending test reminder letters, and facility inspections. We have also begun to train an additional certified cross connection specialist that will help expand efforts of our program and bring our test completion numbers back to where they need to be.
Do you have any DC?	Yes
DC - How Many	3747
DC - Tested	1695
DC - Passed	1695

DC - Failed 3
