

### 2023 ANNUAL SUMMARY REPORT CROSS CONNECTION & BACKFLOW PREVENTION

# WS Name and PWS ID#: WATER WONDERLAND IMPROV DIST 2, 41-01181

System Size: Large System, 300+ connections

Submitted: 01/24/24 10:33 AM

**ASR Contact Information:** (*if there are questions about the ASR who should we contact?*) Name: Brittni Barnard

Email:	brittniwwid@gmail.com	Phone #: +1 (54)	1) 593-2902
--------	-----------------------	------------------	-------------

**Customer Base** Who does your water system serve? Count each service connection only once, include connections with and without a backflow assembly.

How many residential connections are in your water system?	900
How many high hazard connections in your water system?	0
How many other types of connections not listed above?	0

**Enabling Authority** An <u>enabling authority</u> is required for all community water systems. The enabling authority allows for a water system to discontinue service for various reasons. A sample enabling authority is available for small water systems on our website: <u>www.healthoregon.org/crossconnection</u>. If you have not submitted an enabling authority to the State, please complete one and submit it as soon as possible.

# Does your water system have an <u>enabling authority</u>? Yes

Was your enabling authority revised within the last year? No

#### This section is for Large Systems only (300+ connections)
