Does your water system have a current written backflow prevention program plan?	Yes No			
Does the backflow prevention plan include the following:				
a. A list of premises where health hazard cross connections exist, including, but not limited to,				
those listed in Table 42.	Yes N			
b. Procedure for continually evaluating the degree of hazard posed by a water user's				
premises.	🔲 Yes 📮N			
c. Procedure for notifying the water user if a non-health hazard or health hazard is				
identified, and for informing the water user of any corrective action required.	Yes N			
d. The type of protection required to prevent backflow into the public water supply,				
commensurate with the degree of hazard that exists on the water user's premises.	🔲 Yes 🔲 N			
e. A description of what corrective actions will be taken if a water user fails to comply				
with the water suppliers cross connection control requirements.	Yes N			
f. Current records of approved backflow prevention assemblies installed:	Yes N			
i. inspections completed,	🔲 Yes 🔲 N			
ii. backflow prevention assembly test results on backflow prevention assemblies,	Yes N			
iii. verification of current backflow assembly tester certification	Yes N			
g. A public education program about cross connection control.	☐ Yes ☐N			
Are there any backflow assemblies or devices installed in your water system? Tes No				
Do you have any Reduced Pressure Backflow Prevention Assemblies (RP, RPBA, & RPDA) in	nstalled in your			
water system? Tyes No (if you answered yes, answer the questions below)				
a. How many assemblies are installed in your water system?	·			
b. How many assemblies were tested?	-			
c. How many assemblies passed their annual test?	:			
d. How many assemblies failed their annual test?				
Comments:				

13. Do	you have any Double Check Backflow Prevention Assemblies (DC, DCVA,	& DCDA) installed in your water
sys	tem? Tes No (if you answered yes, answer the questions below)	
a.	How many assemblies are installed in your water system?	· · · · · · · · · · · · · · · · · · ·
Ъ.	How many assemblies were tested?	
c.	How many assemblies passed their annual test?	, <u>, , , , , , , , , , , , , , , , , , </u>
d.	How many assemblies failed their annual test?	
e.	Comments:	
14. Do	you have any Pressure Vacuum Breaker Assemblies (PVB, PVBA, & SVB	A) installed in your water system?
	Yes No (if you answered yes, answer the questions below)	
a.	How many assemblies are installed in your water system?	
b.	How many assemblies were tested?	
C.	How many assemblies passed their annual test?	
d.	How many assemblies failed their annual test?	
e.	Comments:	
15. Do	you track any Atmospheric Vacuum Breakers (AVB) installed in	your water system? Yes No
	fy the information provided is true to the best of my knowledge. Providities to the individual and to the water system.	ing false information may result in
