The Water System is a community public water system serving approximately 60 people and is subject to regulation under Oregon Revised Statutes 448.115 to 448.290 and Oregon Administrative Rules 333-061-0005 to 333-061-0272.¹

Golf MHP

Golf MHP, LLC (hereinafter “Water Supplier”) is therefore a water supplier as defined in Oregon Revised Statute (ORS) 448.115(12) and Oregon Administrative Rule (OAR) 333-061-0020, and as a water supplier, has specific responsibilities that are identified in OAR 333-061-0025.

Pursuant to its authority established in ORS 431A.010 and ORS 448.255, the Oregon Health Authority, Public Health Division, Center for Health Protection, Drinking Water Services (DWS) has investigated the operation of the Water System.

DWS found, during its investigation, that Water Supplier did not deliver consumer confidence reports to customers and did not report sample results for total coliform or *E. coli* bacteria in the Water System’s groundwater source. Water Supplier is therefore not in compliance with the requirements for public water suppliers.

This Notice of Violation and Administrative Order (Order) is being issued to Water Supplier for the specific violations of the Oregon Drinking Water Quality Act (ORS 448.115 to ORS 448.290) and rules found during DWS' investigation as described below.

DESCRIPTION OF RULE VIOLATIONS

1. OAR 333-061-0036(6)(i) requires, in part, water suppliers to collect samples at groundwater sources within 24 hours after notification of a total coliform-positive routine sample. Additionally, OAR 333-061-0040(1)(b)(A) requires water suppliers to report monitoring required by OAR 333-061-0036 to DWS within 10 days of the end of the required monitoring period. Water Supplier has not reported source coliform sampling for the Water System since total coliform-positive routine samples were reported on both December 12, 2025 and February 13, 2026. This constitutes two violations of OAR 333-061-0036(6)(i), or two violations of OAR 333-061-0040(1)(b)(A) if all the sampling was conducted but results not reported.
2. OAR 333-061-0043(1) requires, in part, water suppliers to deliver a consumer confidence report no later than July 1 every year, to customers served by community public water systems. Copies of these reports must also be submitted to DWS with certification identifying how the report was distributed to customers. Water Supplier did not submit copies of consumer confidence reports for the 2022, 2023 and 2024 calendar years to DWS, or the required certification of distribution to customers. This constitutes six violations of OAR 333-061-0043(1).

ACTIONS REQUIRED TO ACHIEVE COMPLIANCE

Water Supplier is required to conduct the remedial actions described below which, if taken within the time specified in this Order, will constitute compliance with the rule(s) violated (ORS 448.255(3)).

1. Water Supplier must conduct sampling for coliform and *E. coli* bacteria at the raw groundwater sample location for the Water System according to all the applicable provisions in OAR 333-061-0036(6)(i) and report sample results to DWS no later than 30 days after the date of service of this Order.
2. Water Supplier must publish and deliver a consumer confidence report according to all the applicable provisions in OAR 333-061-0043. A copy of the report must be submitted to DWS with certification identifying how the report was distributed to customers no later than 60 days after the date of service of this Order.

GENERAL PROVISIONS AND CIVIL PENALTIES

This Order does not constitute a waiver, suspension or modification of the requirements of the Oregon Drinking Water Quality Act (ORS 448.115 to 448.290) and Oregon Administrative Rules OAR 333-061-0005 to 333-061-0272, which remain in full force and effect.

This Order does not relieve Water Supplier of any responsibilities or liabilities established pursuant to any applicable federal, state, or local law or regulation.

Issuance of this Order is not an election by DWS to forgo any civil actions authorized under the Oregon Drinking Water Quality Act.

Failure to comply with any of the requirements in this Order by the specified due date may result in additional enforcement action, which could include assessment of civil penalties in the amount of \$50 per day per violation (OAR 333-061-0090). For example, if DWS issues a Notice of Intent to Impose Civil Penalty on June 1, 2026 for failure to collect source water samples and deliver a consumer confidence report to customers served by the Water System according to this Order, the proposed civil penalty could be as much as \$6,000.

Pursuant to ORS 448.990(2), violations of a rule of the Oregon Health Authority may be a crime in Oregon and punishable as a Class A misdemeanor.
