RE: Notice of Non-Compliance regarding the GOBLE WATER ASSOCIATION
Public Water System, PWS OR4100690

Dear MAC MCDONALD,

GOBLE WATER ASSOCIATION is a public water system subject to regulation under
ORS 448.115 to 448.290 and OAR 333-061-0005 to 333-061-0290.

The Oregon Health Authority, Public Health Division, Office of Environmental Public
Health, Drinking Water Program (Program) has reviewed the operation of the GOBLE
WATER ASSOCIATION water system and found that it is not being operated in
compliance with the Oregon Drinking Water Quality Act (ORS 448.115 to ORS 448.290)
and rules. Specifically:

- Compliance Deficiency No. 1: OAR 333-061-0036(3)(a) requires sampling for
synthetic organic chemicals, but synthetic organic chemical sampling results have not
been submitted for the GOBLE WATER ASSOCIATION water system for the most
recently completed monitoring period, which constitutes a violation of the rule if
samples were in fact not collected.

ACTIONS REQUIRED TO ACHIEVE COMPLIANCE

In order for the operation of GOBLE WATER ASSOCIATION water system to return to
compliance with OAR 333-061-0036(3)(a), synthetic organic chemical sampling results
collected during the current monitoring period must be submitted to the Program no later
than January 10, 2012.

Failure to comply with the deadline specified in this letter may result in additional enforcement action, which could include the assessment of civil penalties as prescribed by OAR 333-061-0090. Please contact COLUMBIA COUNTY at 503-397-4651 x2006 to discuss the compliance actions specified in this letter.

Thank you for your cooperation.

Respectfully,
