Dear Dave:

Thank you for your letter dated October 26, 2018, regarding SUB's plan and timeline for installing corrosion control treatment at Weyco wellfield (Entry Point C). The plan and schedule for completion look reasonable and are accepted. The key dates that we will track for compliance are:

- November 1, 2019 – submit plans to our department for review and approval.
- June 1, 2021 – complete construction.

If you experience any delays in this schedule, please contact our office to see about getting the deadlines extended. If you have any questions or concerns, please contact me or Jay MacPherson at 541-726-2587, ext. 57. Your cooperation is appreciated.

Sincerely,

Casey Lyon
Technical Services Unit Manager
