Dear JEREMY TOWER,

This letter is to inform you that we have not received the following sample results for PWS# OR4100937 for the current monitoring period:

Furthermore, results for the sampling specified were not reported for the previous monitoring period. Failing to report sampling results for the current monitoring period will constitute two consecutive violations of this requirement and may lead to Drinking Water Services taking enforcement action against you.

Please collect your water samples as soon as possible to allow laboratories enough time to perform sample analysis. Samples must be collected by December 31, 2021 and received by Drinking Water Services by January 10, 2022.
