RE: Failure to comply with administrative order and possible civil penalties.

On July 24, 2023, The Oregon Health Authority, Public Health Division, Center for Health Protection, Drinking Water Services (DWS) issued a notice of violation and administrative order (Order) to Rakog, LTD A California Limited Partnership (hereinafter "Water Supplier") due to violations at the McKee Bridge Mobile Home Park public water system (hereinafter "Water System"), identified by PWS ID# OR4101165 and located at 9181 Upper Applegate Rd., southwest of Medford, Oregon.

Specifically, the Order required, in part, Water Supplier to take all necessary actions to complete the conditions for final approval of the arsenic treatment process utilized at the Water System. The date for completing the plan approval process has passed without Water Supplier taking the required action and without demonstrating progress toward completing the action.

Water Supplier is now at risk of being assessed civil penalties in the amount of \$50 for every distinct rule violation and for every day the Water System is in violation of a rule (OAR 333-061-0090).

In the event Drinking Water services assesses a civil penalty against Water Supplier, you will be notified in writing and provided an opportunity for a hearing pursuant to the Oregon Administrative Procedures Act (ORS chapter 183).
