RE: Violation of the Reminder to Sample issued on August 19, 2015 and possible civil penalties.

On August 19, 2015, the Oregon Health Authority, Drinking Water Services (Authority) mailed a letter to you requiring:

- Monthly assessment sampling at SRC-AA (well) at the Salmon Run Golf Course water system (PWS ID# OR4195127)
- The collection of a nitrate sample and reporting of the results no later than October 15, 2015.

As of the date of this notice, the required actions have not been completed, and the Salmon Run Golf Course is now at risk of being assessed civil penalties in the amount of \$50 for every distinct rule violation and for every day the Salmon Run Golf Course water system is in violation of a rule (OAR 333-061-0090).

In the event that DWS assesses a civil penalty against the Salmon Run Golf Course, you will be notified in writing and provided an opportunity for a hearing pursuant to the Oregon Administrative Procedures Act (ORS chapter 183).

To avoid being assessed civil penalties, you can immediately complete the required monitoring and verify your action with Janet Brock at 971-673-0421.

Thank you for your cooperation.

Respectfully,

Janet Brock
