RE: Warning letter for failure to report coliform bacteria monitoring for the Grace Bible Church public water system, PWS ID# 4195135

Dear Sherman,

This letter is to inform you that coliform bacteria monitoring for your water system has not been reported since May 31, 2018.

This is a violation of Oregon Administrative Rule (OAR) 333-061-0036(6) if the monitoring was not conducted as required or a violation of OAR 333-061-0040(1) if the monitoring was conducted as required but not reported.

Due to the rule violations identified above, you must immediately monitor for coliform bacteria from the distribution system during the month of March 2019 in accordance with all the applicable requirements of OAR 333-061-0036(6). This monitoring must be reported to the Oregon Health Authority, Drinking Water Services by April 10, 2019 according to OAR 333-061-0040(1)(b)(A).

You can submit sampling results using one of the following methods:

- Email the reports to: dwp.dmce@state.or.us
- Fax the reports to: (971) 673-0694

For faxed data, please include a cover page indicating the number of pages (including the cover), your name and your phone number.

Grace Bible Church

- Mail the reports to: Water Quality Reports
 PO Box 14350
 Portland, OR 97293-0350

If the required monitoring is not reported, it may result in enforcement action and may include the assessment of civil penalties as prescribed by OAR 333-061-0090. Please contact Justin Fimbres with Josephine County at (541) 474-5325 if you have any questions.

Your immediate attention to this matter is appreciated.

Respectfully,

Oregon Health Authority
Drinking Water Services
