Re: Water System Survey Significant Deficiencies/Rule Violations  
Nunhems USA Inc-Brooks PWS ID#4195460

[www.co.marion.or.us/HLT/](http://www.co.marion.or.us/HLT/)

Dear Ms. Bones:

A water system survey was completed for Nunhems USA Inc-Brooks on November 7, 2018 identifying significant deficiencies and rule violations to be corrected. A letter and copy of the survey report were mailed to your attention on November 16, 2017. Oregon Administrative Rule (OAR) 333-061-0076(6) and OAR 333-061-0032(6)(e) requires water systems that use groundwater sources to have completed corrective action or be in compliance with a Department-approved corrective action plan within 120 days of receiving written notice of a significant deficiency.

The Nunhems USA Inc-Brooks was to complete corrective action by March 22, 2018 or have a Department-approved corrective action plan with a reasonable timeframe to complete the corrective action. To date, this information has not been received. As a result, the Nunhems USA Inc-Brooks is in violation and is now subject to formal enforcement which could include the assessment of civil penalties. In order to return to compliance and avoid formal enforcement action, your corrective action plan to the water system survey report **must be received and approved by May 18, 2018**. Please send information to: 3180 Center St Ste 2274, Salem OR 97301. A copy of the survey letter is enclosed for your reference.

Since Nunhems USA Inc-Brooks failed to take action within the required timeframe, you **must provide notification** to all persons served by the water

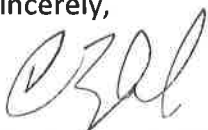

system as soon as practical and by no later than 30 days after the date of this letter. The public notice must include the mandatory language and corrective action taken. You are also required to issue a repeat notice every three months until all deficiencies are corrected or you are in compliance with an approved corrective action plan. A copy of the Tier 2 public notice instructions and template are enclosed.

A copy of the public notice must be sent to the Oregon Health Authority - Drinking Water Program, PO Box 14350, Portland, OR 97293-0350 within ten (10) days after completion to certify that the N has fully complied with the distribution and public notification requirements.

Please contact me by phone at 503-361-2705 or via email at [azastoupil@co.marion.or.us](mailto:azastoupil@co.marion.or.us) if you have questions or comments.

I appreciate your immediate attention to this matter.

Sincerely,

Alisa Zastoupil, REHS  
Marion County Environmental health
