	Was the chlorine residual ever less than the required minimum residual of mg/L? Yes No If yes, what was the longest time period until the required level was restored? hours — If > 4 hours. Danking Water Process						
100	otified by end of nex	t business day.					
1		3,300 or Fewer	GWS Serving More Than 3,300				
1	If yes, did you monitor every four hours until the residual returned to mg/L as required? Yes No		Did continuous monitoring equipment fail at any time this Date continuous me reporting month? Yes No equipment failed				
1		Yes No and submit them with	continuous m	If yes, were grab samples collected every four hours until the continuous monitoring equipment was returned to service as Date it was returned required? Yes No Service.			
Attach grab sample results and submit them with this form.
