ADDENDUM TO THE SUNSET WATER SYSTEM BY-LAWS

SUNSET WATER SYSTEM, INC.
22730 Mooney St., N.E.
Aurora, Oregon 97002

Telephone Number 678-2205

(35 homes)

The following information is in compliance with Oregon Administrative Codes numbers 333-61-070, 333-61-071, 333-61-072.

It shall be the rules of the Sunset Water Systems, Inc., in compliance with the State Water Commission, that individual homeowners will have a cross-connection (back-flow device) installed in their water line when replacing existing water lines, underground sprinkling or drip systems, spas, swimming pools, fish ponds, replacing existing homes, and all other new installations.

All cross-connections (back-flow devices) must be approved and inspected by the STATE DEPARTMENT water board on installation.

The Sunset Water System, Inc. has the authority and responsibility to deny or discontinue service to any consumer if there exists a potential cross connection until the consumer eliminates the problem or installs an appropriate back-flow device.

The Sunset Water System will purchase the back-flow devices and homeowners will purchase the back-flow devices, at cost, from the Sunset Water System. The Sunset Water System will do the annual inspections.
