Cross Connection Ordinance

This ordinance is required by State of Oregon, Department of Human Resources, Health Division, 800 NE Oregon Street #21, Portland, Oregon, 97232-2162.

This ordinance authorizes RESHA to discontinue water service to premises for failure to;

- allow installation of an approved backflow assembly
- allow RESHA to conduct a required annual test on a backflow assembly
- pay RESHA the billed amount for annual testing.

RESHA will arrange for annual testing of all backflow assemblies. This testing will be conducted during June or July of each year, weather permitting. The property owner will be charged for this testing. All backflow assemblies installed in RESHA are the property of RESHA. No person other than authorized RESHA personnel are allowed to tamper with these backflow assemblies.

This ordinance is approved and adopted by the Board of Directors effective March 5, 1997.

Ron Wheeler
