

**Cross Connection Control Policy Statement
for
Storlie Water Company**

Pursuant to Chapter 333, Division 61 of the Oregon Administrative Rules, it is the responsibility of the Storlie Water Company to protect its drinking water by implementing a cross connection control program. Therefore, the Storlie Water Company adopts this cross connection control policy statement.

1. The purpose of this policy statement is to protect the water supply of the Storlie Water Company from contamination or pollution due to any existing or potential cross connections.
2. No cross connections shall be created, installed, or maintained within the territory served by the Storlie Water Company.
3. All cross connection control practices and procedures used by the Storlie Water Company will be in compliance with Oregon Administrative Rule parts 333-61-070 Cross Connection Control Requirements; 333-61-071 Backflow Device Installation Standards; and 333-61-072 Cross Connection Tester and Inspector Certification; and the Uniform Plumbing Code Chapter 10.
4. It is the responsibility of all property owners and their renters to abide by the conditions of this policy statement.
5. Failure on the part of any customer to comply with this cross connection control policy statement will result in the termination of water service to that customer until compliance has been achieved, pursuant to Chapter 333, OAR.
6. This policy statement shall be effective as of April 1, 1995.
