Final Approval

Dear Brady Weidner:

On August 30, 2021 our office received confirmation that the above project was completed according to the plans submitted and conditions set forth in the June 23, 2016 conditional approval letter.

The project consisted of installation of approximately 1,200 feet of 8-inch PVC waterline and service connections located on Lillian Lane in Depoe Bay.

This verification completes the plan review requirements. Final approval is issued at this time, and the facility is approved for use. If you have any questions or would like this in an alternate format, please feel free to call me at (541) 650-4868.

Sincerely,

Rebecca Templin, P.E.
