**Re: Crooked Creek Subdivision Phases 5 & 6, Plan Review #185-2022, Island City,
PWS ID #4100454
Final Approval**

Dear Joe:

Thank you for confirming that Island City's Crooked Creek Phase 5 project was constructed in compliance with the approved plans and sending an as-built drawing. The project consisted of installing 6, 8, and 10-inch water mains, valves, hydrants, and related appurtenances to supply a total of 28 new lots for Phase 5. Infrastructure for the Phase 6 lots will be constructed at some time in the future. Final approval is granted for the project.

If you have any questions or would like this in an alternate format, please feel free to call me at (541) 966-0900 or email at william.h.goss@oha.oregon.gov.

Sincerely,

William Goss, PE
Regional Engineer
