Re: **Corrosion Control Treatment (PR#170-2021)**  
**Medford Water Commission (PWS ID#00513)**  
**Final Approval**

Dear Dan Perkins:

On July 10<sup>th</sup>, Oregon Health Authority Drinking Water Services (DWS) received confirmation that the above project was completed according to the plans submitted and conditions set forth in the December 23<sup>rd</sup>, 2021, conditional approval letter.

This verification completes the plan review requirements. Final approval is issued at this time, and the facility is approved for use. Please coordinate the corrosion control treatment installation's water quality sampling requirements at the water system's entry point and in the distribution system with your direct regulator and the DWS's Compliance and Monitoring group. If you have any questions, please feel free to call me at 541-231-9077.

Sincerely,

Zach Golik, PE  
Regional Engineer  
Drinking Water Services

CC: Julie Wray, DWS Portland  
Rebecca Templin, DWS Springfield
