Re: **New Intake (PR#2019-62)**  
**City of Oakland (PWS#00581)**  
***Preliminary Approval***

Dear Jim:

Thank you for your submittal of plan review information for the new intake for the City of Oakland to the Oregon Health Authority's Drinking Water Services (DWS). On April 11, 2019, our office received a site map, layout design, specifications, and the plan review fee of \$3300. At this time DWS grants preliminary approval.

This project includes the construction of a new intake structure in Calapooya Creek near the old intake and two raw water pumps.

The project will be granted final approval subject to the City of Oakland providing written verification that the project was completed per plans and OAR 333-061-0050 Construction Standards.

If you have any questions or would like this in an alternate format, please feel free to call me at (541) 726-2587 x29 or e-mail me at [rebecca.a.templin@state.or.us](mailto:rebecca.a.templin@state.or.us).

Sincerely,

Rebecca Templin, P.E.  
Regional Engineer  
Drinking Water Services
