Re: **2023 Water System Master Plan Update (PR#123-2023)**
City of Sisters (PWS ID#00826)
Concurrence with Master Plan

Dear Bryce:

Thank you for your submittal to the Oregon Health Authority's Drinking Water Services (DWS) of plan review information for the Water System Master Plan for the City of Sisters. On September 15, 2023, our office received a copy of the plan. A plan review fee of \$4,125 was received on September 20, 2023.

The Master Plan represents a 20-year planning horizon. The plan includes a system goals and description, future demand estimates, engineering evaluation, evaluations of options to meet future demand, financing, and a list of recommended projects and cost estimates. A seismic risk assessment and mitigation plan is not required. Upon review of the Master Plan, it appears the elements listed in Oregon Administrative Rules (OAR) 333-061-0060(5) have been addressed.

Please note that OAR 333-061-0060 contains plan submission and review requirements for all major water system additions or modifications. Construction plans and specifications must be submitted to and approved by DWS before construction begins.

If you have any questions, please feel free to call me at (971) 201-9794.

Sincerely,

Carrie Gentry, PE
Regional Engineer
Drinking Water Services
