Dear Kristina Alvarez:

The Oregon Health Authority Drinking Water Services (DWS) received confirmation that the above project was completed according to the plans submitted and conditions set forth in the July 11th, 2023, conditional approval letter and as-builts provided by Hydro Flow Design-Build-Services.

This verification completes the plan review requirements. Final approval is issued at this time, and the facility is approved for use. Please coordinate with your direct Jackson County Public Health Regulator for monitoring and maintenance requirements of the disinfection system.
