**Re: Well (PR#203-2015)  
The Willamettans (PWS ID#91894)  
Plan review abandonment**

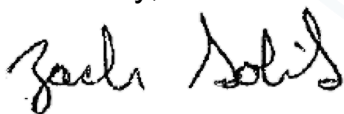

Dear Jim Renner:

The Oregon Health Authority Drinking Water Services (DWS) has abandoned the subject project. This plan review abandonment decision comes out of the DWS correspondence with the public water system indicating the Willamettans organization is planning to permanently abandon the constructed well source (Well log L115829).

With abandonment of the plan review process for the constructed source, no further actions are needed with the DWS and receipt of this letter. Please coordinate with the Oregon Water Resource Department to ensure the existing groundwater well is permanently abandon in accordance with their construction standards.

If you have any questions, please feel free to call me at 541-914-7021.

Sincerely,

Zach Golik, PE  
Regional Engineer  
Drinking Water Services
