Final Approval**

Dear Chris Buyers:

On December 16th, 2025, the Oregon Health Authority Drinking Water Services (DWS) determined that the above project was completed according to the plans submitted and conditions set forth in the August 10th, 2022, conditional approval letter. The DWS technical services manager has reviewed the existing well's location and determined it meets DWS construction standards.

This verification completes the plan review requirements. Final approval is issued at this time, and the facility is approved for use. If you have any questions, please feel free to call me at 541-231-9077.

Sincerely,

Zach Golik, PE
