Final Approval

Dear Paul:

On May 9, 2024, our office received confirmation that the above project was completed according to the list of remaining required items.

Final approval is issued at this time, and the facility is approved for use under DWS rules. If you have any questions, please feel free to call me at (971) 201-9794.

Note that the water system is still listed on our Data Online page as “proposed”. Jeff Green or Sarah Schwab with Oregon Department of Agriculture will complete the remaining steps to activate the system once they issue their approval to operate.

Sincerely,
