**Re: Water System Survey Significant Deficiencies/Rule Violations
Trinity Baptist Church, PWS 90748**

Dear Ron Allen,

A water system survey was completed for Trinity Baptist Church on May 7, 2015 identifying significant deficiencies and rule violations to be corrected. A letter and copy of the survey report were mailed to your attention on May 11, 2015. Oregon Administrative Rule (OAR) 333-061-0076(6) requires water systems to have completed corrective action or be in compliance with an approved corrective action plan within 120 days of receiving written notice of a significant deficiency.

Trinity Baptist Church was to complete corrective action by September 14, 2015 or have a Department-approved corrective action plan with a reasonable timeframe to complete the corrective action. To date, this information has not been received. The system is not in compliance, and a corrective action plan is needed. Please submit your corrective action plan by **November 16, 2015** to the address noted in the letterhead above. A copy of the May 11, 2015 survey letter is enclosed for your reference. Also enclosed is a copy of your April 15, 2014 letter addressed to Scott Curry (OHA-DWS) in which you agree to comply with coliform monitoring and chlorine residual testing requirements.

Since Trinity Baptist Church failed to take action within the required timeframe, you need to provide notification to all persons served by the water system as soon as practical and by no later than 30 days after the date of this letter. The public notice must include the mandatory language and corrective action taken. You are also required to issue a repeat notice every three months until all deficiencies are corrected or have an approved corrective action plan. A copy of the Tier 2 public notice instructions and template are enclosed.

A copy of the public notice must be sent to the Oregon Health Authority - Drinking Water Program, PO Box 14350, Portland, OR 97293-0350 within ten (10) days after completion to certify that Trinity Baptist Church has fully complied with the distribution and public notification requirements.

Please contact me by phone or via email (see letterhead above for contact information) if you have questions or comments.

I appreciate your immediate attention to this matter.
