RE: Violation of the Notice of Non-Compliance issued on November 16, 2011 and possible civil penalties.

You are the owners of the Meadow Wood RV Park public water system (PWS# OR4192123) at 869 Autumn Lane in Glendale, Oregon. As the owners of the water system, you are defined as a water supplier and responsible for ensuring that water samples are collected for analysis and that those analysis results are reported to the Oregon Health Authority, Public Health Division, Office of Environmental Public Health, Drinking Water Program (Program).

Michael Brown acts as the operator for the Meadow Wood RV Park water system, and on November 16, 2011, the Program issued a Notice of Non-Compliance to Mr. Brown requiring that nitrate sampling results be reported to the Program no later than January 10, 2012. Nitrate sampling results have been reported to the Program since July 10, 2008, and were not submitted to the Program by the deadline specified. Additionally, you have not submitted sampling results for coliform bacteria to the Program since March 30, 2010.

You are currently in violation of OAR 333-061-0025(1) and OAR 333-061-0036(2)(d) for failing to conduct annual nitrate sampling, OAR 333-061-0036(6)(b) for failing to conduct quarterly sampling for coliform bacteria, and potentially in violation of OAR 333-061-0025(3) and OAR 333-061-0040(1)(b) if sampling for either coliform bacteria or nitrate was conducted, but those sampling results were not reported to the Program.

You are now at risk of being assessed civil penalties in the amount of \$50 for every distinct rule violation and for every day the Meadow Wood RV Park water system is in violation of a rule (OAR 333-061-0090).

Meadow Wood RV Park

If the Program intends to assess a civil penalty against you, you will be notified in writing and provided an opportunity for a hearing pursuant to the Oregon Administrative Procedures Act (ORS chapter 183).

Respectfully,

A handwritten signature in black ink, appearing to read 'BK Daniels', written over a horizontal line.

Brad K. Daniels
